

Farid starts dancing salsa in 2001. He discovered Mambo style in 2002 in the Paris Salsa congress and was influenced by the Vasquez style. One year later he presents his first show during the same congress " the X-MEN" and has a large success, confirmed in the Uk Congress 2003. Since then he performed in many countries such as England , Ireland, Italy, New York and Los Angeles. His shows are very original, with crazy costumes and mixing salsa with different dances. Farid is a musician (singing and playing percussion), his style is a mix of speed, seduction, humour and crazyness.... He likes the crowd and the stage. He founded his school in 2003 : SALSA CONGA.
